Total time _____

CDX Tasksheet Number: C561

1. Research the safety precautions for all high-voltage systems and methods of identifying those systems on the electric, hybrid, hybrid-electric, or diesel vehicle.

- a. List the systems that use or create high voltage:

- b. List any safety precautions when working on or around these systems and circuits:

2. Locate and point out, on the vehicle, the high-voltage circuits and components to your instructor.

3. Have your supervisor/instructor verify satisfactory completion of this procedure, any observations found, and any necessary action(s) recommended.
