

► TASK Perform stall test; determine needed action.

MAST
2A8

CDX Tasksheet Number: C741

Time off _____

Time on _____

Total time _____

1. Research the specifications and procedures to stall test this transmission.

NOTE Do not perform this test on a transmission if the line pressure is not up to specifications or further damage to the transmission could quickly result. Also, some manufacturers do not want their transmissions stall tested. And on vehicles with electronic throttle control, the PCM may not allow a stall test to be performed without a scan tool.

- a. Does the manufacturer recommend a stall test? Yes: _____ No: _____
- b. Specified stall speed(s) _____
- c. List all precautions when performing the stall test:

2. Perform the stall test. Be sure to follow all safety precautions. List your observation(s):

3. Determine any necessary action(s):

4. Have your supervisor/instructor verify satisfactory completion of this procedure, any observations found, and any necessary action(s) recommended.
