CDX Tasksheet Number: C936

Time off	_____
Time on	_____
Total time	_____

1. Research the procedure for replacing TPMS sensors on at least 3 vehicles (1 domestic car, 1 imported car, and 1 all-wheel drive vehicle) in the appropriate service information.

- a. Vehicle year, make, and model: _____

- i. Summarize the steps to replace the TPMS sensor:

- ii. List any precautions when replacing the TPMS sensor:

- iii. List the procedure to calibrate or relearn the TPMS system:

- b. Vehicle year, make, and model: _____

- i. Summarize the steps to replace the TPMS sensor:

- ii. List any precautions when replacing the TPMS sensor:

iii. List the procedure to calibrate or relearn the TPMS system:

c. Vehicle year, make, and model: _____

i. Summarize the steps to replace the TPMS sensor:

ii. List any precautions when replacing the TPMS sensor:

iii. List the procedure to calibrate or relearn the TPMS system:

2. Have your supervisor/instructor verify satisfactory completion of this procedure, any observations found, and any necessary action(s) recommended.
